Pesticides / Official Statement

Macco Organiques Inc.'s products, including *calcium acetate, calcium propionate, potassium acetate, potassium benzoate, potassium chloride, sodium acetate, sodium benzoate, sodium diacetate* and *sodium propionate*, manufactured at its Salaberry-de-Valleyfield plant, are not of agricultural or vegetal origin, and are free of pesticides.

Macco's products are the result of chemical syntheses that do not make use of pesticides or raw materials containing pesticides. The packaging material is food grade and pesticides are not stored in Macco's facilities. Based on the manufacturing process, raw materials, packaging and storage, there is no potential for pesticides to be present in any of Macco's products.

Macco's manufacturing facility is a FDA bioterrorism, FSMA and C-TPAT registered facility that operates under an ISO Food Safety System FSSC 22000 (GFSI approved) and in compliance with food GMP. Pharmaceutical grade products are manufactured according to cGMPs. Macco's facility is audited yearly.
