WORK EXPERIENCE

Senior iOS Developer
OLA

08/2023 - Present   *Bangalore, India*

Ola is India's largest mobility platform and one of the world's largest ride-hailing companies, serving 250+ cities across India, Australia, New Zealand, and the UK.

Tasks

- I contributed to the development of multiple product features that enhanced the daily lives of millions of customers.
- I am a key member of the core team entrusted with overseeing the iOS release cycle for B2C customers.
- Provided mentorship to fellow developers and engineers in the realm of mobile development, resulting in improved overall team performance.

Senior iOS Developer
OLX Group

07/2022 - 08/2023   *Gurgaon, India*

OLX is part of OLX Group, a network of leading marketplaces present in 30+ countries with 20+ brands.

Achievements/Tasks

- I streamlined our release process, resulting in a significant reduction in iOS build release time from 4 hours to just 40 minutes.
- I successfully revamped the CI, CD for the OLX app, seamlessly integrating various tools like SonarQube and Slack bot. This transformation significantly elevated the overall developer experience and productivity. Additionally, my pipeline optimizations resulted in substantial annual cost savings of $25,000
- I play a pivotal role within the core team, responsible for overseeing the iOS release cycle catering to B2C customers. Additionally, I took ownership of the ADPV page and chat functionality within the OLX app, enhancing the in-app user experience.

iOS Developer
Tokopedia

10/2021 - 07/2022   *Noida, India*

Tokopedia is an Indonesian technology company specializing in e-commerce. It is also the most visited local e-commerce website

Achievements/Tasks

- Contributed to the development of Tokopedia's iOS application, focusing on the home and search pages, which attract over 150+ million active users.
- Contributed to optimizing app performance by working on the Texture/Async Display Kit framework and implemented the Bazel build system to reduce iOS build times.
- Provided mentorship to fellow developers and engineers in the realm of mobile development, resulting in improved overall team performance.

SKILLS

Swift

iOS(UIKit)

Rx-Swift

AsyncDisplay Kit

Git

Bazel

SwiftUI

TECHNICAL SKILLS

Architecture
MVC, MVP, MVVM, MVVMRB, TCA Compassable Architecture, Coordinator

Tools
XCode, Bazel, Firebase, Tulsi++, Firebase, Gitlab Pipelines, github

SOFT SKILLS

Resilience · Communication · Accountability · Adaptability · Problem-solving · Mentorship

ACHIEVEMENTS

$25k cost saved in iOS gitlab pipelines at OLX Group

Key Contributor Award at Town Hall Meeting 2019,2011 of Thoughts2Binary.

Risk Taker Award at Geoshot Technologies.

WORK EXPERIENCE

Mobility Lead
Thoughts2Binary Consulting & Solutions LLP

01/2019 - 10/2021   *Gurugram,India*

Thoughts2Binary provides expertise in designing, architecting, and delivering top-quality and highly-scalable business solutions

Achievements/Tasks

- Trained and mentored junior developers and engineers in mobile development and improve overall team performance.
- Monitored ongoing operation of assigned programs and responded to problems by diagnosing and correcting logic and coding errors.
- Reviewed code and worked with development teams to correct problems, run test scenarios and prepare for deployment.
- Engaged in client meetings to grasp project requirements, crafted technical solutions, and provided mentorship while actively contributing to the development of those solutions.

Software Developer
GeoShot Technologies

01/2018 - 01/2019   *Gurugram, India*

GeoShot Technologies is at the forefront of advanced 3D visualization in the disciplines of Architecture, Interior Design, Golf, BIM, CAD.

Achievements/Tasks

- Maintained a portfolio of 3 successfully published applications available via the Appstore and Playstore.
- As the sole developer, I authored clear and concise code using Kotlin, Objective-C, and Swift, and successfully delivered mobile applications for both iOS and Android platforms
- Applied Agile software development methodology to elevate final products and streamline development efforts.
