

Solstice 250 SL (2023) is a luxury pontoon boat that's typically used for day-cruising, watersports, and freshwater fishing. This boat has fewer than 40 hours of use:

Comfort/Seating

- The Solstice 250 SL has thick foam seating, soft vinyl, and comfortable helm chairs that can slide, swivel, and recline.

Luxury/Features

- The Solstice 250 SL has a high-end look with a wakeboard tower and a large swim deck. Boat includes a JBL sound system with speakers throughout and a table for dining enjoyment.

Versatility

- The Solstice 250 SL has a lounge that can be used as a day bed, and the seating can be converted into rear-facing loungers. The Solstice includes cupholders throughout, easy access to the water with a rear deck and ladder.

Technology

- The Solstice 250 SL has CZONE digital switching and performance package with 200 HP. Included is a built-in sonar depth finder and satellite radio access.

Ride

- The Solstice 250 SL has a stable ride and turns easily. It is a tri-hull aluminum pontoon which provide a smooth comfortable ride.
