Snug® CloudNine Baby Carrier

Product Description:

Designed by Swiss inventor Julian Crous and his daughter, Camillia Crous, the Snug® CloudNine Baby Carrier is set to transform your baby-wearing experience. Prioritizing safety above all, we are committed to addressing the concerns of parents, as studies indicate that over [280,000 babies](#) *¹ experience falls from carriers each year.

At the heart of our design is safety, reflected in our adherence to ASTM F2236-10 and EN13209-2: AC 2016 certifications. These standards ensure that your baby receives secure support while promoting healthy hip development through our ergonomic design. The CloudNine features a patented one-handed adjustment mechanism, making it exceptionally user-friendly—perfect for busy parents on the go.

Our carrier is ultra-lightweight, eco-friendly, and crafted from sustainable materials. Just as skydivers trust their lives to their parachutes, you can trust our carriers to be among the safest available. The Snug® CloudNine is an environmentally conscious choice, caring for both your baby and the planet.

Whether you need a front or back carrier, the CloudNine adapts to your needs, offering versatility and comfort for both newborns and toddlers. Embrace the experience and create cherished memories, knowing that your baby is held securely and comfortably.

Experience the ultimate in safety and comfort with the CloudNine Baby Carrier—designed to be as soft as a cloud.

Snug® Baby Carrier Features:

- **Safe Design:** Our carrier is designed for safety and security, allowing you to maintain a secure grip on your baby while inserting them into the carrier or buckling up, ensuring an ergonomic embrace.
- **“Easy 2 Wear” Instructions:** Simple, step-by-step guidance to ensure your baby is securely positioned, minimizing any risk of falls.
- **“Pack Up & Go” Portability:** The carrier easily folds into a specially designed belt bag, making it lightweight, compact, and perfect for on-the-go use.
- **Materials Properties** The CloudNine is made from parachute material, in addition to the structural analysis of the fabric, the properties measured are weight, breaking strength, tear resistance, elasticity, and air permeability.
- **The Raw materials:** used in the manufacture of cloudNine Yarn are Canvas, Silk, Dacron, Kevlar, and Nylon.
- **Breathable 3D Mesh Fabric:** The material used in the head area is breathable, ensuring optimal ventilation and comfort.
- **Dyes:** Our dyes are 100% organic and baby-safe, ensuring the highest safety standards for your little one. The polyester yarn offers excellent comfort, keeping both you and your baby safe and refreshed throughout the day.
- **RainX:** All Snug® baby carriers are treated with RainX, an innovative coating that makes your baby carrier water-repellent and stain-resistant. This impregnation ensures that the carrier stays protected and clean, even in unpredictable weather or with everyday spills. At the same time, the material remains breathable and comfortable, ensuring that both you and your baby feel at ease at all times.

Baby Carrier by: Snug.la

Key Features:

- **Belt Bag:** Conveniently stores your baby carrier for easy, hands-free transport and quick access when needed.
- **Add-Ons:** Enhance your carrier with optional accessories like back support with a zippered pocket, a phone holder, a water bottle holder (available with or without thermal insulation), and ponchos.
- **Versatile Carrying Options:** The “Easy 2 Wear” system provides four simple steps for various carrying positions, including front carry facing in, front carry facing out, and back carry. Suitable for babies who can support their own heads and older 6 months.
- **Adjustable Fit:** Designed to accommodate babies from 3 kg and over 5 months (who can support their own heads) up to toddlers weighing 10 kg and 24 months old. Additional support is available for children up to 15 kg and 48 months old.
- **Ergonomic Design:** Promotes healthy body development in all carrying positions, supporting the M-Position for optimal hip health.
- **Comfortable Straps:** Padded, crossable shoulder straps provide enhanced back support for the wearer.

Design & Quality:

- **Safe fabric:** parachute fabric to hold the baby securely and breathable material in the head area for optimum air circulation
- **Easy Adjustment:** Easily adaptable to accommodate your growing baby.
- **Unisex Style:** A versatile design that suits all parents and complements any outfit.
- **Sustainable Production:** Crafted with a commitment to the environment, people, and animals.
- **Protection Hood:** Provides privacy during breastfeeding and shields your baby from the sun.
- **Lifetime Guarantee:** Snug® is committed to delivering long-lasting quality with every carrier.

Care Instructions:

- **Machine Washable:** For easy maintenance, simply wash on a gentle cycle at 30°C.
- **Gentle Materials:** Use only liquid mild detergent, avoiding brighteners and lanolin.
- **Drying:** Line dry in the shade; do not tumble dry.

Enhance Your Experience: Unlock all available add-ons for the complete Snug® Baby Carrier experience.

“Cozy Dream” Baby Carrier

Product Description:

The **Snug® Cozy Dream Baby Carrier** is the creation of Swiss designer and inventor Julian Crous, in collaboration with his daughter, Camillia Crous. This carrier is designed to transform your baby-wearing experience with a focus on safety and comfort. With over 280,000 *¹reported baby carrier incidents each year, safety is our top priority.

Our Cozy Dream Baby Carrier meets rigorous safety standards, holding ASTM F2236-10 and EN13209-2: AC 2016 certifications. These ensure your baby is securely supported while promoting healthy hip development through its ergonomic design. The carrier also features a patented one-handed adjustment mechanism, making it incredibly easy to use, especially for busy parents on the go.

Crafted from eco-friendly, sustainable materials, the Cozy Dream is an environmentally conscious choice that cares for both your baby and the planet. Whether you prefer a front or back carrier, our adaptable design provides versatility and comfort, suitable for both newborns and toddlers.

Embrace the Cozy Dream Baby Carrier and create beautiful, cherished memories, knowing your baby is held securely and comfortably. Experience the ultimate in safety and comfort with the Cozy Dream Baby Carrier—designed to be as soft as a cloud.

Snug® Baby Carrier Features:

- **Safe Design:** Engineered with safety in mind, our ergonomic carrier allows you to securely hold your baby while positioning or fastening them, ensuring a safe and comfortable embrace
- **"Easy 2 Wear" Instructions:** Our intuitive guide ensures a secure fit every time, eliminating the risk of your baby slipping out.
- **"Pack Up & Go" Portability:** Designed for convenience, the carrier folds effortlessly into a custom belt bag, offering lightweight and compact storage for easy transport.
- **Materials:** The polyester yarn is expertly woven into a lightweight, breathable 3D Mesh Fabric that promotes optimal airflow, keeping both you and your baby comfortable, dry, and refreshed throughout the day.
- **Dyes:** We use 100% organic, “baby-safe” dyes.
- **RainX:** All Snug® baby carriers are treated with RainX, an innovative coating that makes your baby carrier water-repellent and stain-resistant. This impregnation ensures that the carrier stays protected and clean, even in unpredictable weather or with everyday spills. At the same time, the material remains breathable and comfortable, ensuring that both you and your baby feel at ease at all times.
