ABOUT ME

TRIVEAT is a Mexican music producer and DJ, releasing music since 2019. His sound moves between house — with a focus on minimal and tech — and afro house, often shaping warm-up sets that build energy with depth and groove.

His track "Cuba (Latin House)" has surpassed 3 million streams on YouTube Music, standing as his most recognized release to date. He has put out three releases through The Boogie Room Records, building a catalog that reflects a consistent evolution of sound.

Beyond production, TRIVEAT is the founder of Hypnia, an event promotion brand and party based in Mexico City, extending his musical vision into live experiences and dancefloor culture.
