Kaitlyn Brimager enjoys interacting with people and supporting others. After graduating high school, she spent several years in the service industry ensuring a high-quality dining experience for customers and motivating her team as a manager.

Her positive attitude and willingness to pitch in on whatever project needs attention make her an integral part of the Stanton LLP team.

In addition to working full time, Kaitlyn is putting herself through college, a testament to her discipline and hard work.

Prior to joining Stanton LLP, Kaitlyn worked at a family law firm in both the legal and administrative departments, providing support to the office manager and attorneys.

On top of her full-time job and school, Kaitlyn competes in an intramural softball league against fellow Stanton employees, Steven Gersten and Bethanie Livernois, though she claims not to hold it against them.
