Having garnered seven years of advocacy experience prior to passing the bar exam, Brianna thrives in the courtroom. Her successes on her undergraduate and law school's national moot court teams, taught her a lesson that defines her practice today: preparation is the great equalizer. She strives to out-prepare even the most seasoned of trial attorneys, which she believes is imperative to achieving successful results.

Following her undergraduate education, Brianna attended Texas Tech University School of Law where she won a national moot court championship, was awarded overall Best Advocate for her region in the ABA National Moot Court Competition, and most notably, was inducted into the National Order of the Barristers. Prior to joining Stanton LLP, Brianna practiced in the commercial and appellate litigation sections at Godwin Bowman PC. Brianna is a qualified mediator in the State of Texas.

Brianna is married to her law school sweetheart, Jake Krominga. Staying true to her San Diego roots, Brianna is an avid swimmer and enjoys spending time outdoors. Brianna has a passion for cooking, enjoys hosting friends and family, and is an active member of Watermark Community Church.
