ENRICHMENT

Reading out loud not only builds vocabulary but it also improves comprehension and active listening, reduces stress, strengthens fluency, helps improve memory and it is a fun experience to share with your child. Juanita PTA is piloting a Mystery Reader program and we need readers like you! All you need to do is sign up, send your child's teacher 4 clues about you then come and read a book to the class. Please sign up if you, or a family member, are interested in being a Mystery Reader this year. Dates and times will be scheduled directly with the classroom teacher. JUANITA MATH CHALLENGE

The Math Challenge is a math enrichment program to entice, engage and challenge students to solve interesting math problems while strengthening their math fundamentals, critical thinking, problem solving skills, reading comprehension and improving confidence in math. Students strengthen family involvement by asking parents or siblings for help and by engaging in a fun discussion to solve math problems.

This program is FREE, and no sign-up is necessary. All students K through 5th grade students are invited to participate.

Students who answer the minimum number of questions correctly are entered into a drawing for a small prize. The winner of MC #5 is Alisa L from Mrs. Loso's class.
