

What We Love About Our Home

This home has been a peaceful retreat, offering the perfect balance of quiet surroundings, wonderful neighbors, and easy access to everything we love about Kennebunk. From relaxing at home to exploring the nearby trails, beach, and downtown, it's been a place where everyday moments have become cherished memories.

Our mornings often begin on the front porch with a cup of coffee, chatting with neighbors as they pass by. It's a welcoming neighborhood where friendly conversations have become part of our daily routine.

One of our favorite places to unwind is the back deck. Whether we're enjoying a glass of wine, reading a favorite book, or entertaining friends, the peaceful setting surrounded by nature makes it easy to slow down and appreciate the moment.

One of Kennebunk's best-kept secrets is the nearby Bridal Trail. Just a short walk from the house, this peaceful riverside path winds along the Mousam River all the way to the ocean. Whether we're out for a morning stroll, watching for birds, or simply enjoying the quiet beauty of nature, it has become one of our favorite places to escape and recharge.

The sunroom has always been our favorite room in the house. Bathed in natural light, it offers a front-row seat to every season. We love watching snowflakes drift down on a winter afternoon just as much as lingering there on summer evenings, when the room glows with the warm colors of the setting sun. It's a space that invites you to slow down, relax, and simply enjoy the beauty just outside.

Every home has a story. These are a few of the moments we've enjoyed most. We hope the next owners will create memories here that are just as meaningful.
