TESTIMONIALS

Tina Haibodi

" Tapajyoti was great and not only completed the job to the best of his ability but under the allotted time and budget! He was quick to communicate about issues and think on his feet. Great to work with! "

Christopher Robinson

" This is the second time working with Tapajyoti and I could not be happier. He is extremely easy to communicate with and delivers projects quickly. It is hard to find good talent and Tapajyoti is very talented! "

Brent Ramirez

" Amazing front-end developer. Tap helped build out our web app and will add value to any future project he works on. Works quickly. Easily adaptable. And helped form solutions to problems that popped up along the way. Wed happily hire him again. "

Sagnik Majumder

" Tapajyoti is one of the most sincere and hardworking people I ever met. He always delivers on time and is ready to take up the next challenge. He will be an asset for any team. Wishing him all the best for his career. "
