KBIN Cookies Policy

What are cookies?

Cookies are small text files placed onto your computer or device as you browse the Internet. Cookies can be used to collect, store and share bits of information about your activities across websites and services, including on KBIN. They also allow us to remember things about your visit to KBIN, such as your preferred language and other choices/settings and generally make the site easier for you to use.

KBIN uses both session cookies and persistent cookies. A session cookie is used to identify a particular visit to KBIN. These cookies expire after a short time, or when you close your web browser after using KBIN. We use these cookies to identify you during a single browsing session, such as when you log into KBIN. A persistent cookie will remain on your devices for a set period of time specified in the cookie. We use these cookies where we need to identify you over a longer period of time. For example, we would use a persistent cookie if you asked that we keep you signed in.

Why does KBIN use cookies and similar technologies?

KBIN uses cookies and similar technologies, such as web beacons, browser cookies, pixel tags, or local shared objects ("flash cookies"), to deliver, measure, and improve our services in various ways. We use cookies both when you access our site and services on a browser, as well as through our native mobile app. As we adopt additional technologies, we may also gather additional information through other methods.

We use cookies for the following purposes:

Authentication and security:

- To log you into KBIN;
- To protect your security; and
- To help us detect and fight spam, abuse, and other activities that violate KBIN's agreements and terms.

For example, these technologies help authenticate your access to KBIN and prevent unauthorized parties from accessing your accounts.

Preferences:

- To remember information about your browser and your preferences; and
- To remember your settings and other choices you have made.

For example, cookies help us remember your preferred language or the country that you are in. We can then provide you with content in your preferred language without having to ask you each time you visit KBIN.

Analytics and research:

- To help us improve and understand how people use KBIN.

For example, cookies help us test different versions of KBIN to see which particular features or content users prefer. We may include web beacons in e-mail messages or newsletters to determine whether the message has been opened and for other analytics. We might also optimize and improve your experience on KBIN by using cookies to see how you interact with KBIN, such as when and how often you use them and what links you click on.

To help us better understand how people use KBIN, we work with a number of analytics partners, including Google Analytics and Mixpanel. These providers use cookies and similar technologies to help us analyze how users use the Services, including by noting the third-party Services from which you arrive. The information collected will be disclosed to or collected directly by these service providers, who use the information to evaluate your use of KBIN. To prevent Google Analytics from using your information for analytics, you may install the Google Analytics Opt-Out plugin by [clicking here](#), and you may also use Mixpanel's opt out by [clicking here](#).

We don't release the information collected from our own cookies to any third parties, other than to our service providers who assist us in these activities.

Advertising:

As explained further in our Privacy Policy, third-parties whose products or services are accessible or advertised via KBIN may use cookies to collect information about your activities on the Services, other sites, and/or the ads you have clicked on. This information may be used by them to serve ads that they believe are most likely to be of interest to you and measure the effectiveness of their ads. Targeting and advertising cookies we use may include [Google Analytics](#), [AdRoll](#), [AppNexus](#), and other advertising networks and services we use from time to time.

For more information about targeting and advertising cookies and how you can opt out, you can visit youronlinechoices.eu or allaboutcookies.org/manage-cookies/index.html. Please note that to the extent advertising technology is integrated into KBIN, you may still receive advertising content even if you opt-out of tailored advertising. In that case, the advertising content will just not be tailored to your interests. Also, we do not control any of the above opt-out links and are not responsible for any choices you make using these mechanisms or the continued availability or accuracy of these mechanisms.

When accessing KBIN from a mobile application, you may also receive tailored in-application advertisements. Each operating system, such as iOS and Android, provides its own instructions on how to prevent the delivery of tailored in-application advertisements.
