

BENEFITS OF Soft Water

- Eliminates hard water scale and soap scum
- Sparkling dishes and glasses
- Softer, brighter laundry
- Healthier, softer skin and hair
- Use less soap and detergent
- Protects plumbing, water heaters, and water-using appliances

BENEFITS OF Carbon Filtration

Chlorine and chloramines are the most used disinfectants for treating water and getting it safely to your home. Carbon filters reduce these chemicals so you can enjoy healthier water from every tap.

- Great tasting water with no chlorine taste or odor
- Protect skin and hair from harsh chemicals
- Save your water softener from chlorine damage
- Protect plumbing and appliances from leaks and chemical damage

The Hydrotech[®] Advantage

Expert Advice and Professional Installation

- All Hydrotech systems are selected and installed by trained professionals.

Outstanding Quality and Performance

- More than 50 years of manufacturing high-efficiency, professional-grade water treatment systems.
- Third-party tested and certified to the highest performance and product quality standards.

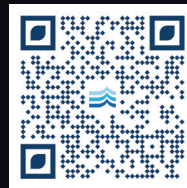

Industry-leading Warranty

- 5, 7, 10 year and lifetime warranty options on systems and components.

Professional Water Solutions for Soft Water

Professional-Grade Water Softeners. Expertly Selected for Your Home.

Hydrotech[®] water softeners are built to a higher standard — the kind trusted by water treatment professionals.

Lower operating costs.

Enjoy years of trouble-free performance with minimal salt and water use, saving you money (and hassle).

Customized for your home.

Your dealer will properly size the system and program it specifically for your home's water usage and mineral content.

Industry-leading warranty.

Third-party tested for certified performance.

Local service and support.

89 SERIES HTO

89 SERIES WATER SOFTENERS

765 SERIES WATER SOFTENERS

CERTIFICATIONS & WARRANTY

Whole Home Softening and Carbon Filtration

The 89UF HTO combines high-efficiency water softening with carbon filtration in one high-performance system to give you soft, clean, better tasting water throughout your home.

- **Advanced Softening Technology:** Includes the same premium features as our 89 Series softener, using up to 75% less salt and 64% less water.*
- **Superior Carbon Filtration:** A dedicated carbon tank to reduce chlorine, chloramine and organics from municipal water.
- **Total Home Protection:** Prevent chlorine and chloramine damage as well as hard water scale buildup in plumbing, fixtures and appliances.

High-Efficiency Water Softening

Hydrotech® 89 Series water softeners deliver a precise balance of efficiency and performance to save water and salt while providing reliable, worry-free operation.

- **Advanced Softening Technology:** Precision brining and upflow regeneration mean you'll use significantly less salt and regeneration water than traditional systems.
- **User-Friendly Controls:** Easy-to-use programming with 48-hour memory during power outages.
- **Soft Water Recharge:** Automatic 15-minute recharge ensures you never run out of soft water during high-use periods.
- **Automatic System Refresh:** Prevents bacterial growth during extended absences.

Good Value, Reliable Performance

The 765 Series is designed for homeowners who want a dependable water softener that offers straightforward features and good value.

- **Programmed for Value:** Simple electronics for the same price as mechanical metered units.
- **Customizable Settings:** Adjustable cycle times and optional regeneration modes.
- **48-Hour Memory:** Keeps time/date for up to 48 hours during power loss.

All Hydrotech systems are tested and certified by IAPMO, a global leader in protecting public health through standards development and product testing.
