

BENEFITS OF

Carbon Filtration

Chlorine and chloramines are the most used disinfectants for treating water and getting it safely to your home but ingesting and inhaling them during use is undesirable.

Carbon filters reduce these chemicals so you can enjoy healthier water throughout your home.

- Great tasting water with no chlorine taste or odor
- Protect skin and hair from harsh chemicals
- Save your water softener from chlorine damage
- Protect plumbing and appliances from leaks and chemical damage

THE NOVO PRO ADVANTAGE

When it comes to your water, who better to trust than your local plumbing professional? Working with a Novo ProAdvantage dealer ensures you are getting the best advice when it comes to fixing your water problems.

Available Exclusively Through Your Local Plumbing Professional

Remote Regeneration
Remotely regenerate your softener

Available on the 489UF HTO, 489UF twin tank and 489UF cabinet softeners.

Whole Home Softening and Carbon Filtration

IDEAL FOR HOMES ON MUNICIPAL WATER

The HTO combines high-efficiency water softening with whole home carbon filtration to provide soft water and reduce bad taste and odor caused by chlorine, chloramines and organic matter.

Features of the HTO

- Advanced softening technology uses less salt and water than traditional water softeners
- A dedicated carbon tank provides superior reduction of chlorine, chloramine, and organics compared to mixed-bed softener-filter systems
- Enjoy all the features and benefits of our high-efficiency water softeners

97% CHLORINE REMOVAL FOR OVER 1,100,000 GALLONS*

*Based on model: NVO489UFHTO150

High-Efficiency Water Softeners

Our 485 and 489 water softeners are the perfect blend of high-efficiency and high-performance. Third-party certified to provide luxuriously soft water throughout your home, you'll enjoy the added convenience of using less water and buying less salt.

- Advanced softening technology uses less salt and water than traditional water softeners
- User-friendly programming and 48-hour memory during power loss
- Soft water recharge ensures you never run out of soft water
- Automatic system refresh prevents bacteria growth while you're away
- Available in twin tank and space-saving cabinet models

USES UP TO 75% LESS SALT & 64% LESS WATER*

*Compared to conventional calendar clock models.

Value Water Softeners

Affordable and reliable, the Econo Flo offers basic features and good value. Available in twin tank and space-saving cabinet models.

USES UP TO 50% LESS SALT & 28% LESS WATER*

*Compared to conventional calendar clock models.

Warranty & Certifications

All Novo water softeners provide industry-leading warranty and certified performance. Our systems are IAPMO tested against NSF/ANSI 44 to soften water.
