

Free Internet by Free TON

"We must be free not because we claim freedom, but because we practice it."

William Faulkner

What is Free TON

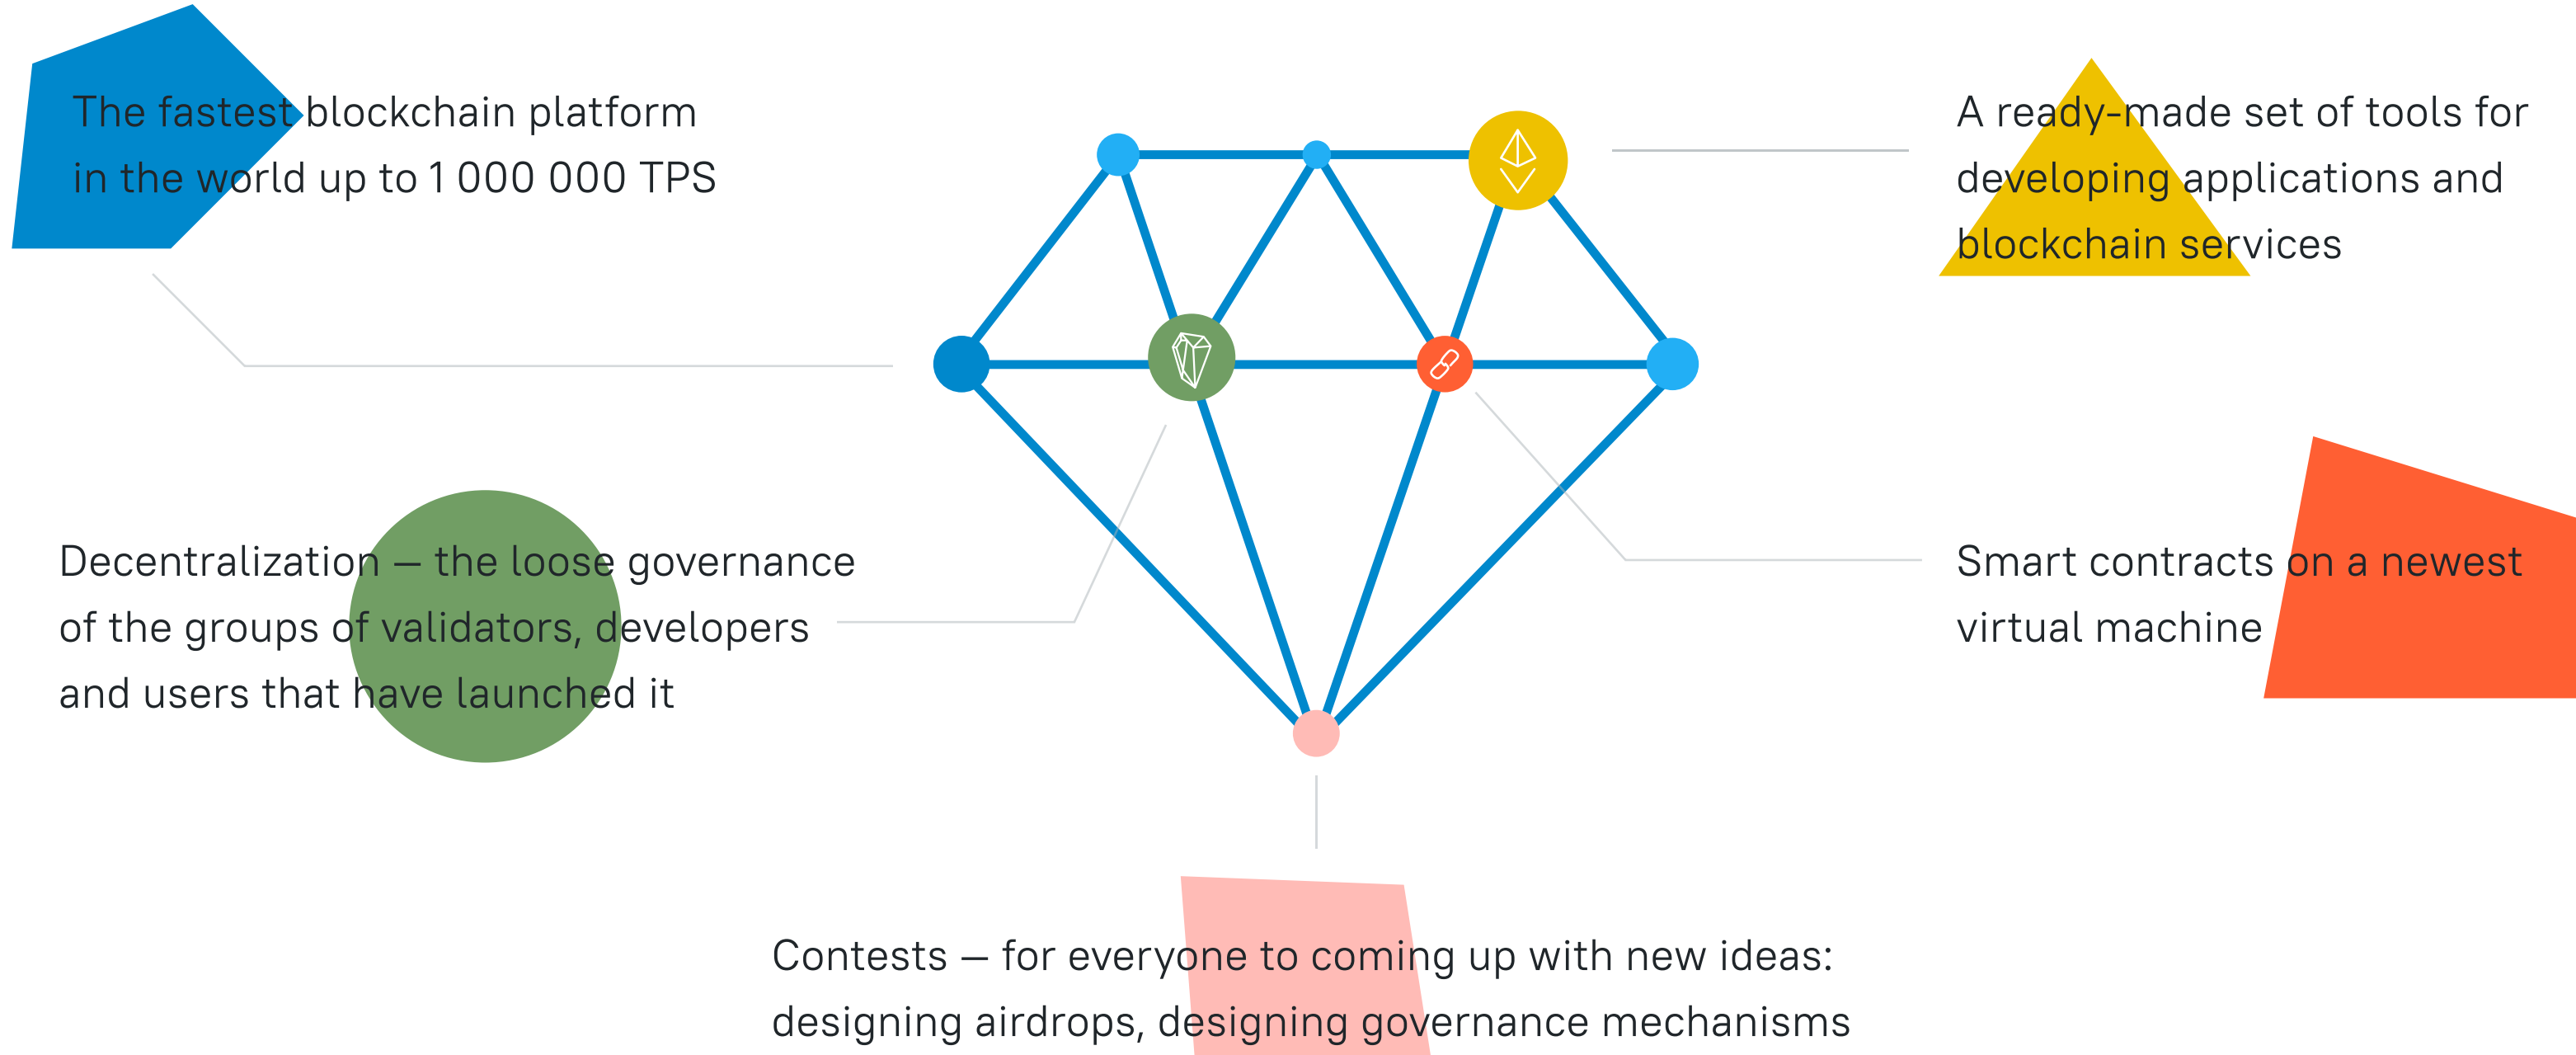

Free TON is a fast, secure and scalable blockchain and network project, capable of handling millions of transactions per second if necessary, and both user-friendly and service provider-friendly.

Who is Free TON

Free TON is first of all a community of enthusiasts who develop the project, as well many companies and side project that are built on top of Free TON blockchain. Everybody can be a part of Free TON.

Key features of Free TON blockchain

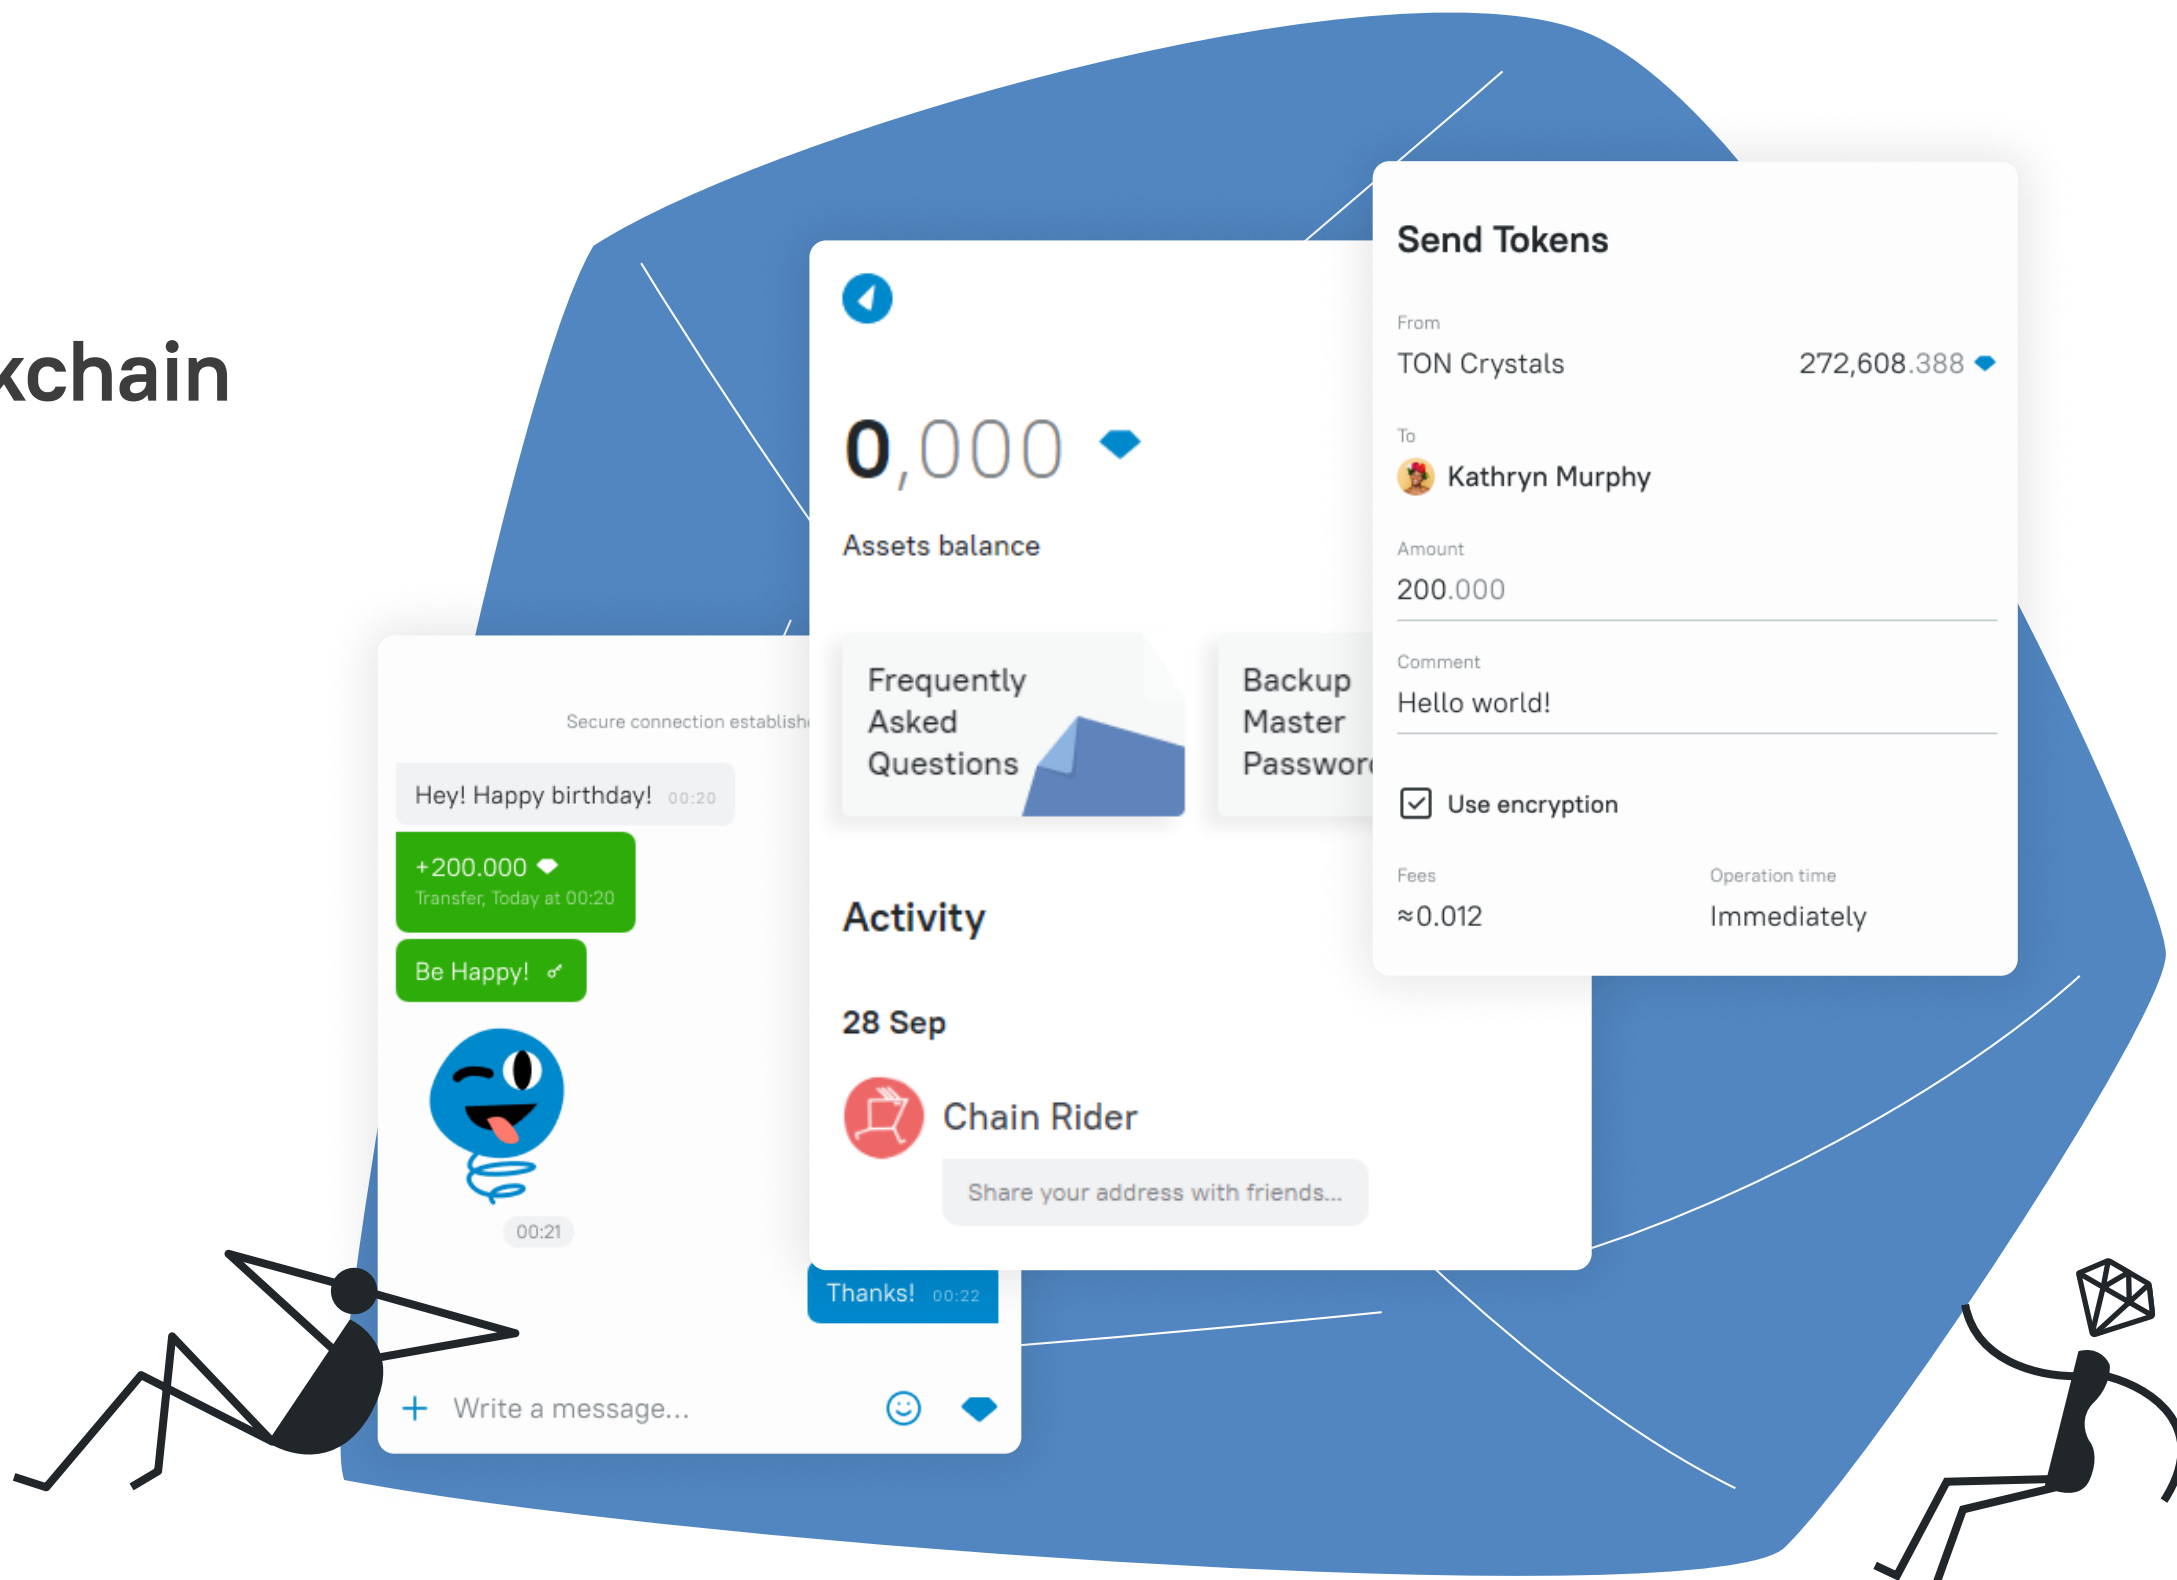

TON Surf

A free, private and easy blockchain interface for smart people

Clean and clear interface without superfluous bells and whistles. All you need and nothing more: your token accounts, balances, transaction statistics and services available on the TON blockchain.
