

“The goal” was to create a Numi That is not only digital but also printable on banners, T-shirts, mugs, hats and a wide range of merch. With that said, this Numi's owner can hold the right to sell goods with this design printed on and earn extra TONs.

This is the "frontside design" and Numi's buyer will have the access to the "backside design" as well. The owner will also receive the original design file to be able to print it on merch.
