CORE FREE TON BLOCKCHAIN NETWORK CONCEPT	<a href="https://freeton.academy/courses/core-free-ton-blockchain-network-concept/">https://freeton.academy/courses/core-free-ton-blockchain-network-concept/</a>	10 Weeks	English

Dear Jurors,

This is a technical course so the course duration is adjusted to 10 weeks but depending on the availability of time, students can complete it within 40-50 days by spending at least one hour per day. I have written the texts in simple language with more than 15 illustrative images of Free TON blockchain architecture to make sure any sort of student is going to have ideas about Free TON properly.

There are 14 lessons but some lessons like lesson 4 and lesson 7 are split into 5 and 2 parts respectively. From this course, learners will have ideas about so many technical elements of Free TON and smart contracts.

*The course is created with an aim to contribute to the adoption rate of Free TON by spreading awareness.* I have tried my best to avoid errors(errors due to human factor) but if you notice anything wrong, kindly provide constructive feedback, I will try my best to correct them.

**Thank You!**
