## THE NINETEENTH CENTURY FOX

Joséphine knew what she wanted, she made her own rules and didn't give a damn what anyone thought. She started as a nobody but with sass, hustle and a little bit of luck, she became the Empress of the French. After her first marriage ended with her husband's brush with the guillotine in 1794, Joséphine was herself arrested but used cunning and seduction to get released the day before her own date with the blade. Following this she lived life with the motto "C'est la fucking vie" and didn't hold back. She became a hedonistic It Girl, an unapologetic hot mess. A hit on the dance floor and great in the sack.
