KAFO ODLE

Legislation introduced in December 2014 dictates that all food (and drink) outlets must produce on demand details of allergen ingredients used across their entire menu.

Kafoodle is working with The Piano Works to create a closer relationship with customers and manage their dietary preferences from allergens to nutrition. By using Kafoodle™ Kitchen software, The Piano Works can now easily make information about what you are eating and drinking more transparent and readily available. Our aim is to create an environment where information about our food served here at The Piano Works comes directly from our kitchen to you on the Kafoodle app.
