

Revise to Maximise:

Effective study habits for independent learning

Student
Masterclass
KS4&5

Overview

Revise to Maximise helps KS4 and KS5 students acquire the study techniques for effective revision, whether doing this independently or at school with teaching support.

Objectives

As well as helping to build 'memory muscles', this masterclass teaches information processing techniques that help make a student's revision journey simpler and more successful.

Outcomes

- Using insights into how the human mind works, *Revise to Maximise* enables students to create their own personalised learning and revision plan, while also giving them the time management and organisational skills they need to implement it.
- After this masterclass, students will be able to approach exams and assessments much more confidently and with a greater sense of self-esteem.
- With follow-up material for later completion and review, the skills learned in this session are transferable, so can be used to improve exam performance across all subject areas.
- *Revise to Maximise* is also available as a 40-minute assembly.

Who it is for

Extremely popular with Year 11, 12 and 13 students, *Revise to Maximise* is just one of our student masterclasses, all of which are designed to instil the essential cognitive skills and techniques that create more successful learners.

'Reflective' Masterclass Package

For **even greater impact** and **longer-lasting benefits**, this power-boosting package offers an additional, dynamic, presenter-led assembly that **prepares students for their upcoming masterclass**, plus a further **eight to ten hours of 'reflective teaching resources'**. These are specifically designed to further embed what students have learned by enabling teachers to 'carry on the conversation' during tutor time or in PSHCE lessons. We also provide a set of **diagnostic tools** so you can **measure the programme's long-term impact**.

To find out more about how our masterclasses or packages can help you support success, please call us on **+44 (0) 20 3637 4232** or email masterclasses@veema.co.uk.
