Module 3: Listening to Children– Dealing with Disclosures

Possibly one of the most anxious times is when a child makes a disclosure of abuse or harm. This level two module is designed to give staff the opportunity to understand how to effectively deal with this situation should it arise. Through structure and practice staff will have a better awareness of what they should and should not do when listening to a child who has potentially been subjected to abuse or harm.

Objective: To provide you with an understanding of:

- What a disclosure is
- When/why are disclosures made
- Why young people don't make disclosures

- What tools young people need to talk
- What to do when a disclosure is made
- How to listen
- What happens when a disclosure is made

Duration: 60-minutes

Module 4: Sexual Harm

This level two module introduces participants to the range of sexual behaviours that are considered harmful to children. It looks at what is and isn't not age appropriate behaviour and enables participants to challenge their own thoughts about observed sexual behaviours. It then looks at the more extreme nature of sexual violence and sexual exploitation equipping participants with the skills to recognise signs early.

Objective – To provide you with an understanding of:

- Sexual Abuse
- Sexual Violence
- Sexual Harassment
- Harmful Sexual Behaviours
- Upskirting

This level two module explores with participants the types of neglect that children from affluent families can be exposed to; how to recognise the signs of this, and the impact this can have on a child's development into adulthood.

Objective: To provide you with an understanding of, and the effect of:
