Report of the Event:

Vivekananda Institute of English studies (VSES) of Vivekananda Institute of Professional Studies(VIPS) organized Palimpsest' 25, a literary fest to celebrate literature and creativity , of which "Dastaq-e-khazaana (unsuni Paheliyon ka fasana" was one of the many events held on 29th April,2025. The aim of the event is to provide an engaging and interactive activity for the participants. It is a fun way to encourage team work, problem- solving, and critical thinking skills among the participants. The event usually involves teams, following a series of clues or puzzles to locate a hidden "treasure" or prize. This activity not only promotes teamwork and communication but also fosters creativity and strategic thinking. It is a great way for college students to have a good time while also developing valuable skills.

The event was conducted by Dr. Meetu Bhatia Kapoor who is a faculty of VSES.

The students were divided into 8 teams which involved 1 team of 4 members each along with the volunteers. The event began at 10:00am with the announcement of all the rules and regulations. In this

game, each person or team attempts to be the first in finding something that has been hidden, using written clues. Students were motivated and encouraged to win so that they find the final treasure. The event surely was full of crossovers unlike any other events. Apart from presenting an alternative reality to existing the event also pushed the participants to go wild and think as much as they can with their imagination. The participants lined up which ended by 11:00am after which winners were announced and felicitated. At around 11:30am the event came to an end with Dr. Meetu Bhatia Kapoor offering a vote of thanks to the participants.
