GREEN POLICY

Vivekananda Institute of Professional Studies is committed to maintain and strengthen the ecological balance at its campus. The Institute endeavors to reduce, reuse and recycle the waste material through sound management practices and unique eco-friendly solutions. Energy Management, Solid Waste Management, e-Waste Management and Waste-water Management are the key thrust areas forming the green policy of the Institute. Consciousness towards environment is epitomized in the heart of the Institute. The Institute is committed:

- To conserve energy by installing solar power panels at the campus;
- To construct sewage treatment plant for ensuring effective and environment-friendly effluent treatment;
- To minimize usage of plastic and make the campus plastic-free;
- To harvest rain water so as to recharge precious ground water reservoirs;
- To organize tree plantation drives periodically with the help of students and faculty members in order to make the campus green and beautiful;
- To instill the values of compassion towards plants & trees amongst the students;
- To add positivity and freshness to the environment at the Institute by creating lush green lawns with variety seasonal flowers blooming across the campus;
- To promulgate the use of separate-colored dustbins in order to segregate the solid waste into dry and wet category. These bins to be stationed on every floor, lawns, canteen etc. The disposal of the waste to be done accordingly;
- To use biodegradable waste for the production of bio-mass in the in-house nursery for maintaining the landscape of the Institute;
- To recruit dedicated house-keeping staff with adequate experience in maintenance of horticulture at the campus;
- To use pruned and discarded greens as fertilizers after a certain period of time;
- To create paper-less campus by minimizing the usage of paper for official correspondence;
- To sensitize students and staff towards safe disposal of e-waste;
