Fee Assistance Policy

Vivekananda Institute of Professional Studies (VIPS) is a self financed institution and adheres to the guidelines and rules of the university meant for all such institutes affiliated to GGSIPU. VIPS believes that education is the backbone of the society and this is the sole medium through which the nation can be strengthened. Swami Vivekananda, the modern Guru of India championed for education of the youth and also advocated its importance in building up a self dependent country. The institute which has been named after Swami ji, always adheres to the ideals laid down by him, and thus holds the firm belief that imparting education is part of fulfilling greater social responsibility. Even though the institute is self financed, it has a special committee which often reviews such cases as and when they are received and placed before the committee. The committee is formed by the members of management and senior faculty members, and the basic purpose is to ease out the difficulties faced by certain students in terms of payment of fees for their course. Besides, as a true believer of altruistic causes, the institute believes that no student should remain deprived of his/her basic right to education, and also that the student is an asset to the society and country.

With these ideals and beliefs in mind, VIPS has formulated a fee assistance policy for its students. The main points of this policy are as follows-

- Fee assistance to be only on case to case basis, as per the necessity and circumstances of the student.
- In case of financial difficulties of the student and after the review of the special committee, the concerned student to be allowed to pay his/ her fees in instalments within a given time period.
- Fee assistance/ Fee Relief to be given to meritorious students who suddenly are faced with mishaps in the family, like demise of guardian/ parents.
- Fee assistance to be given in case of pandemics like COVID 19 to special students (after the decision of the Special Committee) where due to unforeseen situations there might be loss of jobs or acute hardships faced by the family.
- Fee assistance to be given (after review of Special Committee) to students who incur huge expenses on medical treatment of self/ or parents.
