The Secret Talk

It's great to share with dear juniors what one has learnt during the college life, which would prove to be of great help to you.

First, never say 'no' to any opportunity or work that comes your way. Just go for it and explore as many things as you can give your 100 percent.

Second, time management is the essence. While entering your college life, you would realize that time flies and it doesn't wait for anyone. There will be a lot on your plate. If you take right decision and manage everything efficiently, you will definitely achieve your goal.

Learning new ideas only won't make you genius nor it assures desired success. It's the right decision at right time, lifelong commitment towards continued learning process and keeping yourself fit will transform your fortune into a successful career and fruitful life.

1. Mentor Series
2. Teachers' Day
3. Freshers' Party
4. HackVSIT 4.0
5. Orientation Programme

TECH TALK

4 MUST LOOK EVENTS FOR AUGUST

EVENT 1: AR/VR Development

The course is designed to give the students a comprehensive understanding of Augmented Reality, Virtual Reality, and Mixed Reality and a thorough development process. Concepts like XR, Metaverse, and Game development are explored helping students to develop one major VR/AR project by the end of the course.

EVENT 2: Digital Marketing

The course is aimed at helping students identify the importance of Digital Marketing, customer relationships, SWOT analysis, and understanding the advantages and disadvantages of different digital channels. It helps students to learn in-demand skills like SEO, SME, email, content marketing, and more.

EVENT 3: Startup Planing

To make students prepared once they join the industry, they are made aware of the industry's ins and outs. They are given insights on problem-solving, communication and organization skills, analytical thinking, creativity, project management, and many more skills that come in handy while landing in a top-notch company.

EVENT 4: Alumini Talk

With the growing startup culture, it becomes important to have a detailed overview of planning a startup and the things associated with it. The students are given an introduction to the entrepreneurship track clearly and effectively.

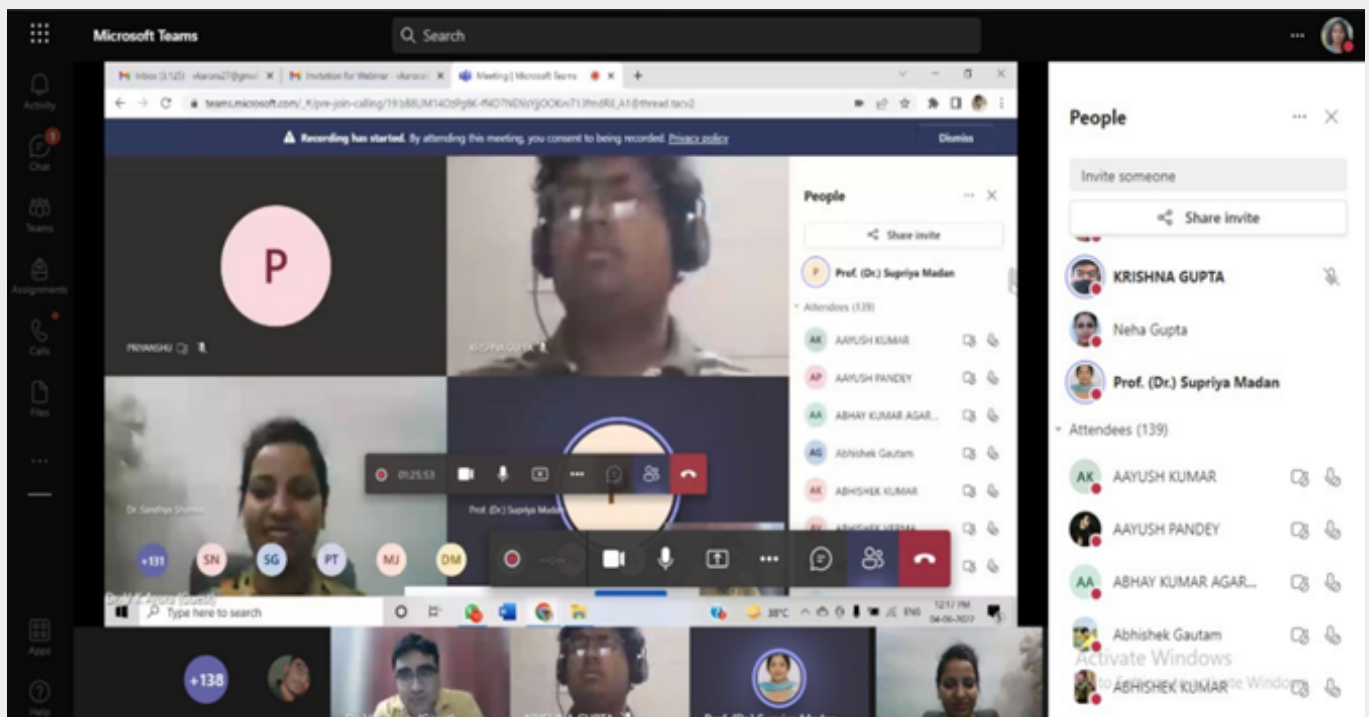

*"Man Making,
Character
Building, Nation
Building,"*

STARTUP & RESEARCH

STARTUP PLANNING AND ETHICAL & LEGAL STEPS

On 4th June 2022, a webinar on "STARTUP PLANNING AND ETHICAL & LEGAL STEPS" was conducted on the platform of MS teams from 11 AM. The speaker was Dr. VK Arora. Many members including the faculty and the dean attended the webinar. It was conducted under the guidance of Dr. Sandhya Sharma and Dr. Neha Gupta as the faculty coordinators. Dr. V.K Arora, the chief executive officer, gave a detailed and interesting overview of planning a startup and the things associated with it. He described the entrepreneurship track clearly and effectively. At the end of the meeting, there was a question-and-answer session in which Dr. V.K Arora answered the queries raised by the students and gave knowledgeable advice to them. After the webinar, the dean and all the faculty members thanked Dr. V.K Arora and gave warm goodbye.

ALUMNI TALK

Alumni Talk on Gateway to IT industry, Do's and Don'ts

Vivekananda School of Information Technology (VSIT) successfully organized an online Alumni Talk on 7th May 2022 at 11:00 A.M. The Alumni of VIPS and the Speaker of the day were, Mr. Mohit Jain (Application Developer and Support Engineer at Keysight Technologies) and Mr. Pramod Sharma (Application Developer and Support Engineer at Keysight Technologies). The talk was organized with the motive to make students aware of the industry's ins and outs so that they are better prepared once they join the industry. The event was coordinated under the guidance of Ms. Mitanshi Rustogi, Dr. Pooja Thakar, and Dr. Neetu Goel. The speakers gave highlights on learning new things and knowing how to implement the same. He said, "you can never attain 100% knowledge about something but can only reach a milestone of maybe 70%, which is fine. What is more important is how to approach the problem. One should try to avoid wasting time in trying to solve a problem without a head start". While appearing for an interview, one must always be genuine, be true to yourself, and not waste the time of the interviewer. Before we start with some tasks, we first need to study & analyze the objective and feasibility of the task for optimum utilization of our time and efforts. Do not jump into doing a project straight but start with the proper planning as it would save you time and resources. One should know what he/she wants to become in the industry i.e., Developer or Programmer, as both are separate entities. Keep on optimizing and scaling up your project regularly, implement the latest accepted standards and try to keep yourself updated with developments and what the industry experts say. If you want to have a project done, you must decide on which technological stack it would be based. Knowledge of the different database types becomes crucial if we want to achieve cost-effectiveness. We must keep our skillset updated and never stop learning so that we can stay relevant to the IT industry and make exponential growth. Learning the fundamentals of a programming language is as important as doing projects on it and the basics need to be thoroughly practiced.

SKILL ENHANCEMENT

AR/VR development with Unity

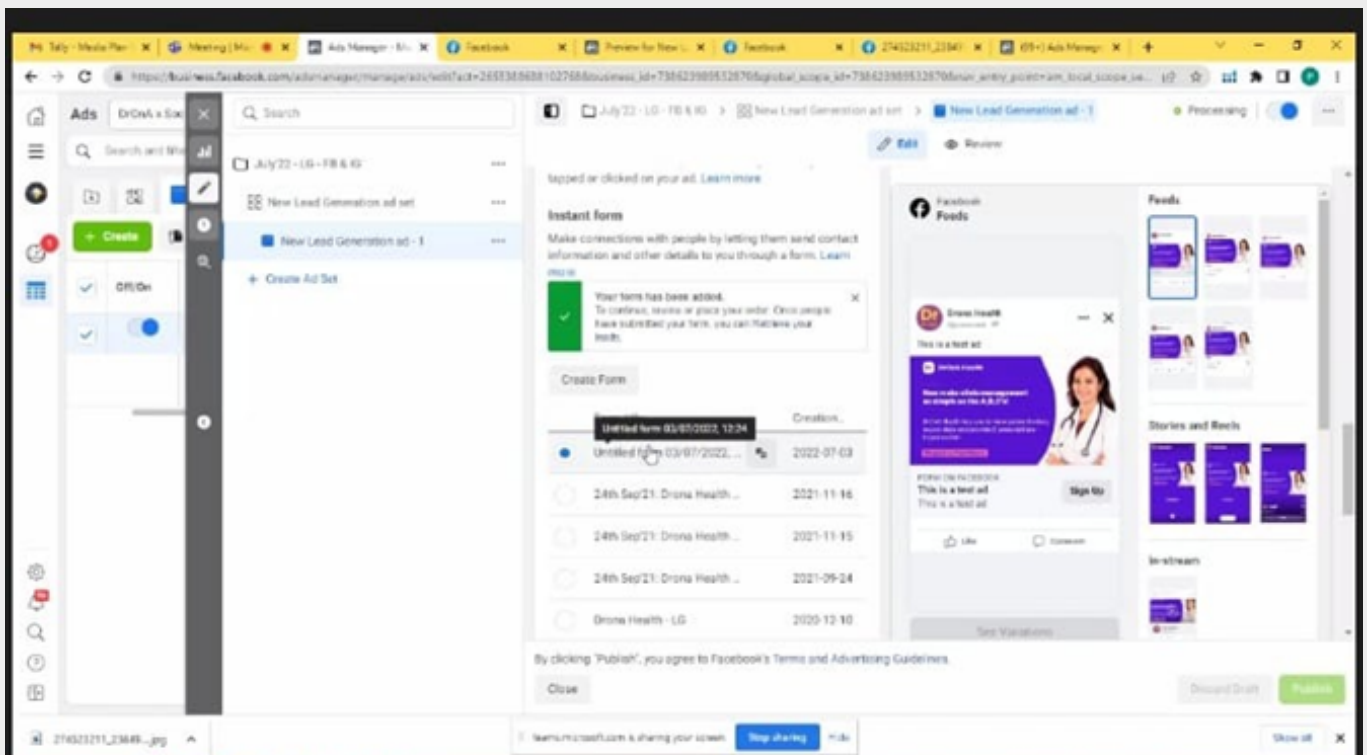

VSIT organized a Skill Enhancement course on "AR/VR development with Unity" for IT students under the guidance of faculty coordinator Dr. Dheeraj Malhotra. The course is conducted in hybrid mode and was of 30 hours duration. This course aimed to give the students a comprehensive understanding of augmented/virtual reality and a thorough step-by-step development procedure. The resource person, Mr. Vishal Pandey, Research Fellow – IIT Roorkee introduced VR, AR, and MR, then dived deeper into the development of VR/AR using Unity. He addressed the hype around XR and Metaverse in the current time, explained technologically correct and accurate topics and concepts, and explored the ever-changing nature of the field in depth. Concepts of game development were introduced, along with their various applications. Each student began with their projects and worked upon and improved them throughout the course duration. At the end of the course, the student developed one major VR/AR project and certain other mini-games or simulations.

SKILL ENHANCEMENT

Digital Marketing

VSIT organized a Skill Enhancement course – Digital Marketing (Online) on 15th January 2022 for IT students. The course aimed to help students identify the importance of digital marketing, manage customer relationships across all digital channels and build better customer relationships to create a digital marketing plan, starting from the SWOT analysis and defining a target group, then identifying digital channels, their advantages, and limitations, to perceiving ways of their integration taking into consideration the available budget. The course was divided into various modules and total of 50 students enrolled in the course.

STUDENTS CORNER

गुरुओं में मुझ को श्रेष्ठ मिले हैं

जो एकलव्य से मांग रहे अंगूठा
करने सिद्ध पार्थ को श्रेष्ठ
ऐसे मुझे द्रोण मिले हैं

गुरुओं में मुझ को श्रेष्ठ मिले हैं

जो राम को भी दे दे ज्ञान
दिखाये उन्हे सत्य का मार्ग
ऐसे मुझे वशिष्ठ मिले हैं

गुरुओं में मुझ को श्रेष्ठ मिले हैं

रख लिया गया जिनको मुख में
फिर भी दिया हनुमत को ज्ञान
ऐसे मुझे सूर्य मिले हैं

गुरुओं में मुझ को श्रेष्ठ मिले हैं

सबको सही मार्ग पर लाने को
भटके मन को समझने को
जो भगवत दे गीता का ज्ञान
ऐसे मुझे कृष्ण मिले हैं

गुरुओं में मुझ को श्रेष्ठ मिले हैं

जगत में हुए शंकर से विख्यात
दिया विश्व को केदार का स्थान
ऐसे मुझे आदि मिले हैं

गुरुओं में मुझ को श्रेष्ठ मिले हैं

जिनका शिष्य हुआ दानी महान
कर्ण ने करे कवच कुंडल तक दान
ऐसे मुझे परशुराम मिले हैं

गुरुओं में मुझ को श्रेष्ठ मिले हैं
गुरुओं में मुझ को श्रेष्ठ मिले हैं
