ABOUT VIPS-TC

Vivekananda Institute of Professional Studies, Delhi, a NAAC 'A++' accredited institute is recognized by the UGC Act 1956 and Bar Council of India and is affiliated to Guru Gobind Singh Indraprastha University, Delhi. It was founded in the year 2000. In the past 20 years of its existence, VIPS has established its firm presence in the academic field with stupendous growth in terms of students' enrollment and teaching quality. Every endeavor at VIPS is aimed at "Man Making, Character Building, Nation Building", a thought inspired by Swami Vivekanand. Vivekananda Institute of Professional Studies has 6 Departments/Schools under its umbrella, which aim at providing an interdisciplinary outlook at its 6700 students.

VISION: To establish, maintain and promote excellent centers of education for imparting quality professional education comparable with the best in the world.

MISSION: "Man Making, Character Building, Nation Building" through meaningful education; the goal as set out by Swami Vivekananda during his life time.

ABOUT VSE

Vivekananda School of Economics was established in 2017 under the leadership of Dr. S C Vats, Chairman, VIPS. Since its inception, VSE has been working to nourish young minds and impart quality and contemporary education under the guidance of Prof. Dr. Anuradha Jain, Dean, Vivekananda School of Economics.

Vivekananda School of Economics currently offers a 3 year under-graduate program in B.A. (Hons.) Economics. Over the three years, the students not only get an in-depth knowledge about Economics and its relevance in the real world, but they are also nurtured to be ready for the corporate world with a special focus on Econometrics and Data Analysis using Statistical Packages (like R and STATA).

We at Vivekananda School of Economics believe in a holistic development of our students. To hone and develop their inter-personal skills, students are encouraged to actively participate in various co-curricular activities like debates, panel discussions, symposiums and seminars. Additionally, VSE has different student societies (academic and cultural) to harness their potential in the right direction. These societies are completely student driven and provide them with a platform to organize, plan and execute events at the intra and inter college levels.

DEAN'S NOTE

At VSE, the program is taught by faculty who are subject-experts and dedicated researchers in their respective areas. They constantly endeavor to bridge the gap between theory and real world for the students in the class. In the three years, students are exposed to economic issues at the local, national and international levels.

VSE offers an innovative and interactive learning environment. The curriculum provides an opportunity for rigorous foundations as well as exposure to diverse economic topics. VSE offers certain value-added courses like Basic Excel, Advanced Excel, R, STATA to help refine the analytical skills of the students. The department periodically conducts guest lectures by renowned Economists, symposiums, seminars, fortnightly discussions on current Economic topics of importance, debates, industrial visits to develop students' academic and professional skills. I hope the students make the best of the opportunities that VSE offers them in their three years with us.

Prof. Dr. Anuradha Jain
Dean, Vivekananda School of Economics
Principal, Vivekananda Institute Of Professional Studies

FACULTY'S NOTE

Placement & Guidance Cell of VSE, VIPS TC aims at transforming our budding economists into quality employees. We are committed to providing students with a comprehensive range of resources and opportunities to prepare them for success in the job market. We have a variety of programs to help our students develop the skills and knowledge they need to excel.

We try our best to bring in great employment and internship opportunities. We also provide training sessions and industry based lectures to our students. Our team works closely with companies and organizations to identify job opportunities that align with our students' interests and career aspirations. We believe in forging strong partnerships with our industry partners, building long-term relationships that benefit both students and recruiters.

At VSE, we believe that education is about more than just acquiring knowledge - it's about preparing students to make a difference in the world. Our placement cell is dedicated to helping our students find meaningful and fulfilling careers that allow them to make a positive impact on their communities and beyond. I wish all the success to our students driven placement team for its future endeavours and hope that it continues to work hard and cross new milestones

Ms. Sakshi Bhayana
Convener, Placement & Guidance Cell
Assistant Professor
Vivekananda School of Economics

FACULTY'S NOTE

The Placement and Guidance Cell at VIPS-TC is a student-led initiative that has been doing admirable work streamlining the shift from formal education to professional careers for increasing numbers of our graduates. Besides, the cell has been energetically recognising and delivering new and cutting-edge guidance to our students to boost their employability.

We also believe in the importance of providing our students with the soft skills and leadership qualities that are essential for success in any field. That's why our placement cell offers a range of training programs and workshops to help students develop these important skills. We believe that by working together, we can help bridge the gap between academia and industry and provide our students with the best possible opportunities.

These endeavours have made our brilliant students even more prepared to take up employment aligning with their skill sets. I want to thank them for the trust that they have placed in us and hope that the pool of companies coming to recruit from us this year will be much more prosperous. I want to express my very best wishes to this team.

Mr. Sourish Dutta
Co-Convener, Placement & Guidance Cell
Assistant Professor
Vivekananda School of Economics

NOTE FROM THE STUDENT TEAM

Greetings recruiters,

We are the student team behind the Placement & Guidance Cell, and we are excited to introduce you to our community of talented and driven individuals.

As students, we understand the importance of not only finding a job, but also building a career. That's why our placement cell goes beyond simply connecting students with companies. We offer career counseling, resume building workshops, and interview preparation sessions to ensure that our students are fully equipped to excel in their chosen field.

Our team is made up of passionate individuals who are dedicated to supporting our peers in every step of their job search journey. We strive to foster a welcoming and inclusive environment that values diversity and encourages innovation. We are proud of the many success stories of our students who have landed positions in top companies across various industries. It is our honor to be a part of their journey towards achieving their professional goals.

Thank you for considering our college and our Placement & Guidance Cell as a partner for your recruitment needs. We are excited to collaborate with you and create a future of endless possibilities for students.

Regards,
Dhriti Arora
President - Student team
Placement & Guidance Cell

ABOUT THE CELL

Placement and Guidance Cell operates around the year to facilitate contact between companies and graduates to ensure an efficient and hassle free bridge between the two.

The cell aims to provide the students with holistic development with career growth oriented approach. Organising Placement Drives, Skill enhancement sessions, Conducting CV Workshops and Seminars are amongst the various endeavours that the cell progresses while catering to the upskilling of the students.

It provides assistance to students and elevate their ability to think out of the box. Ample of opportunities are given by the cell for comprehensive industry orientations which help in career development of the students. It lays stress on promoting entrepreneurship awareness among students. It's rightly said that with the correct knowledge and experience one can follow the path of wisdom.

INFRASTRUCTURE

VIPS has an eco-friendly lush green campus spreading over five acres of land. The institute is an ultra-modern, centrally air-conditioned edifice with state-of-the-art infrastructure. The campus is Wi-Fi enabled supported with Cloud Computing powered 'Learning Management Systems'. Class Rooms are well lit with natural light and equipped with Smart Boards and Projectors for enhanced learning experience.

STUDENTS' PROFILE

STRONG ACADEMIC BACKGROUND

VSE was established in 2017 to accomodate high demand of this lucrative course. Our students have demonstrated their ability to excel with their strong academic vigour. Deep understanding of economic concepts, theories, and methodologies have enabled them to apply this knowledge to real-world problems.

LEADERSHIP EXPERIENCE

Our wide array of societies gives students the opportunity to hone their skills when they take up leadership roles. Additionally, student leaders in societies develop strong interpersonal skills including the ability to delegate tasks effectively, manage conflict, and motivate others to achieve common goals.

KEY COMPUTER SKILLS

- R
- STATA
- MS EXCEL
- Power BI
- Python
- SQL

SOFT SKILLS

- Communication Skills
- Analytical Skills
- Research Skills
- Presentation Skills

AREAS OF INTERNSHIP

- Corporates
- Think Tanks
- Public Policy
- Data Analytics
- Government Institutions
- Financial Institutions

RECRUITMENT PROCESS

1. Orientation Towards Industry or Pre-Placement Talk
2. Assessment of Students through Tests
3. Development & Training Sessions
4. GDPI Process
5. Final Placements for Jobs/Training

EVENTS HELD BY THE CELL

Mr. Vikesh Koul
What it Takes to be Placement Ready
7 January 2023
Mr. Vikesh Koul is a Senior Data Analyst at Booking.com, Amsterdam. He has 8+ years of experience in providing Data Analytics solutions in Retail and Finance.
Mr. Koul's Data Analysis workshop emphasized the crucial skills of an Economics Course, including research papers, econometrics, and applied economics. He highlighted the importance of online courses and digital data, and the workshop was well-received.

Mr. Sunil Mani
Building a career in public policy
10 October 2022
Sunil Mani, a Research Analyst at the Council on Energy, Environment and Water, has focused on utilizing primary data to enhance energy access in India during his four years with the Council. Mr. Mani, discussed policymaking, key public policy actors, his role, and the India Residential Energy Survey project, which examines clean energy access in India. He also shared essential aspects of being a public policy researcher and the ingredients for a prosperous career in public policy research.

Ms. Senorita Baral
Role of Analytics and Economics in Global Banking
1 June 2022
Ms. Senorita Baral has been working at American Express in the central lending risk team for international consumer card portfolios. She is a SRCC and DSE Alumnus who has worked with Citi and ICICI Bank. Ms. Baral explained Data Analytics, Business Analytics, its use in automation and banking, various career options, and necessary skills for effective professionals, including programming, problem structuring, critical thinking, and presentation skills in her seminar on Analytics and Economics in Global Banking.
