WESTGATE

YOUR GATEWAY TO GREAT PRODUCTS

INTRODUCTION

When you choose a manufacturer to fulfill your electrical and lighting needs, you generally make your decision based on quality, price and service. Our vision at Westgate Manufacturing was to provide the best quality product at the most competitive price, delivered with the most professional service in the industry.

Westgate Manufacturing offers 16 distinct lines of electrical and lighting products that deliver the highest level of quality and performance in the industry. We ship all orders received by noon that same day from our central warehouse facility located in the City of Commerce (Los Angeles) and all of our product is backed by our Westgate warranty. From weatherproof junction boxes to state-of-the-art LED lighting fixtures we're sure you will be satisfied with our Westgate quality, price and service.

In just seven short years, Westgate has grown from a fledgling manufacturer to an industry leader in the development and production of cutting-edge electrical and lighting products. We are confident that you will find the quality and selection of our products among the best in the business.

Please let the professional staff at Westgate Manufacturing provide you with the best quality products and services available. We are dedicated to improving your profitability and service levels, while reducing shipper errors, defectives and back orders. Please give us the opportunity to serve you.

Move up to Westgate Manufacturing.

E. Hadjyan
President

THE **WESTGATE ADVANTAGE**

PRODUCT RELIABILITY

Our products are sourced from factorers who build value in their products and services. WESTGATE supply chain management specialists and engineering teams forge relationships with our vendor partners to provide high-caliber, sellable products that meet total customer satisfaction. WESTGATE is dedicated to quality, accuracy and fine craftsmanship at each and every point of production. We strive for perfection, set the standards and take an extra step in each production to provide quality that is definitely world-class.

PROFIT

Profit is the critical life blood of every business enterprise. Understanding our customers' requirements and disciplined distribution practices, we ensure that all of our business partners have exceptional profit opportunities. WESTGATE builds long term and mutually beneficial relationship with its customers by repaying their trust and investment with continuous earnings and growth in their business.

CUSTOMER CARE

Customer satisfaction is our goal. We work with our customers in a close relationship to understand their requirements and to provide them with the personal attention and care that their businesses need. WESTGATE empowers its core group to provide excellent service exceeding far beyond your expectations.

CONVENIENCE

WESTGATE is the one-stop shop for electrical and lighting requirements. We supply the needs and meet the demands of the market and our clientele with products at competitive prices. We choose convenience without compromising quality so our customers get maximum benefits. Product availability, on-time delivery, order tracking, no minimum order requirement, low freight policies, integral sales people and responsive sales managers are all hallmarks of the WESTGATE business experience.

INTEGRITY

WESTGATE endeavors to build a business environment that values integrity and passion for excellence. We take pride in our brands and the quality of our service. Our confidence and our success reflect the quality of our products and integrity of our work.

Doing business with WESTGATE can be one of the most rewarding partnerships in your business. Take the next step with us and open the gate of opportunities to your perfect business.

TECHNICAL SPECIFICATIONS:

- :: Dimensions: width 2-3/4", height 4-1/2", depth 2"
- :: Material: die-cast aluminum with powder-coated finish
- :: Available with 3, 4, or 5 reinforced threaded outlet holes
- :: Outlet hole sizes: available in 1/2" or 3/4" threaded outlet holes
- :: Color: gray (select items available in white*)

PRODUCT FEATURES:

- :: Scratch resistant powder-coated finish
- :: Suitable for wet locations - NEMA 3R rated
- :: Reinforced connector outlets that accept threaded fittings & conduits
- :: Retail-ready packaging (shrink-wrapped with barcode)
- :: Closure plugs, mounting lugs and ground screws included*
- :: "X" denotes boxes with side outlets

APPLICATIONS:

- :: Used for branch circuit wiring in wet, damp and dry locations
- :: For use as a weatherproof junction box or to install receptacles, switches and GFCI devices

Photo Electric Controls

PRODUCT FEATURE:

- :: Polycarbonate construction
- :: Ideal for dusk to dawn operation
- :: 1/2 NPT threads fit into 1/2" weather proof box outlets
- :: Wet location listed (NEMA 3R rated)
- :: Full one year warranty

conduit bodies

Westgate's wide variety of UL-listed conduit bodies are designed to meet a wide range of applications for jobs in residential, commercial and industrial situations. Conduit body covers and gaskets are made of the highest quality materials and are designed to withstand the most abusive environments.

B1

**TECHNICAL SPECIFICATIONS:**

- :: UL listed
- :: Trade size: available from 1/2" through 4" NPT
- :: Material: die-cast aluminum with corrosion resistant screws
- :: Color: gray powder coat finish, clear anodized cover

PRODUCT FEATURES:

- :: Complete with cover and gasket
- :: Polyester powder-coated finish
- :: NEMA 3R weather protection and scratch resistant
- :: Ships with protective peel-off tape on cover to protect lettering from being defaced
- :: Complete with combination screw head (phillips, flat blade and pan head).
- :: Conduit body is fully assembled; shrink wrapped with UPC bar code label

APPLICATIONS:

- :: Attaches directly to rigid or IMC threaded conduit or EMT using standard electrical fittings
- :: Large wiring chamber allows for easy wire pulling and feed through.
- :: Used for electrical service entrance work or a convenient in-line pull box when extra pulling space is needed.

Available sizes from
1/2" to 4"

IMPROVED
MODEL

Westgate's new feed-through armored ground clamp saves time, labor and material by allowing you to feed armored ground through the clamp and onto the next connection. Ground wire does not get cut! Cut only the outer armored jacket and insert ground wire into center lug. Secure each side of the armored jacket into the strain reliefs located on each side of the clamp.

FEATURES:

- :: Rated for use with ground rods and rebar, plus steel, iron and copper pipes.
- :: Pipe range: 1/2" ~ 3/4"
- :: Wire Range: #14 AWG through #4
- :: Ideal for residential, commercial and industrial applications
- :: Armored ground clamps are used to bonding armored cable to rebar, ground rods, copper or steel water pipes.
- :: All fittings are UL listed and manufactured from high strength bronze alloy known for it's high conductivity.
- :: Meets NEC (National Electric Code) requirements.

cords

Westgate offers a wide array of popular range, dryer, general-purpose, outdoor extension cords and cord sets that meet many different applications. They are all designed and UL-listed to deliver the best performance possible.

FEATURES:

- ⌘ Right angle plug with thick vinyl insulation
- ⌘ Installation hardware included
- ⌘ Reinforced blades help prevent accidental bending or breaking

APPLICATIONS:

- ⌘ Replacement cords for range or dryer
- ⌘ For home and commercial appliances

TERMS & CONDITIONS

[Effective January 1, 2014]

1. Return Policy

- a. Westgate Mfg is committed to providing 100% customer satisfaction. Returns are allowed for any reason on most items within 30 days of purchase with no restocking fees.
- b. Items must be returned in original packaging, including parts and manuals.
- c. All items must be returned in new condition, with an RGA form issued by Westgate Mfg. Due to the fluctuating price of copper, all purchases of wires and cable are final.
- d. Westgate Mfg strives to provide premium quality products that exceed UL standards and consumer expectations. All items are guaranteed for one full year in the case that items are found defective. (See Section 4 for more info on Westgate Mfg's Product Guarantee.)

2. Freight & Shipping Terms

- a. All shipments may be shipped to distributors stock, or any other location within the contiguous United States.
- b. Freight will be prepaid on each order or back order of \$1500.00 or more outside California, delivered to one single location within the contiguous United States (excluding Alaska and Hawaii).
- c. Customers may use their own carrier for shipping. Using Westgate "PP & Add" service will include handling charges.
- d. All items that are available in local stock and are ready to ship or will call the same day. However, Westgate Mfg shall not be held liable for any delay in shipping or handling of goods.

3. Purchasing Terms and Prices

- a. There is no minimum purchase requirement on orders. Items may be ordered by package quantity or in smaller quantities at no additional charge.
- b. Prices are subject to change without notice.
- c. Prices in Pricebook are for reference only and do not indicate maximum prices. Westgate reserves the right to charge any price based on its sole judgement.
- d. All prices round up to the nearest cent. Actual invoice prices may vary slightly.
- e. 30 day credit terms are available to purchasers with approved credit. A 1-½% finance charge per month may be assessed to accounts with past due balances.
- f. Purchaser will be held responsible for any returned check fees or legal fees due to failure of payment.
- g. Westgate Mfg reserves the right to refuse credit to anyone.

4. Product Guarantee

- a. Westgate brand products are warranted against defects in material and workmanship. In the event of any defects, Westgate Mfg promises only to repair or replace the defective products, free of charge. Westgate Mfg's liability is expressly limited to the cost of the initial product and any consequential damages arising out of the event of a defect are expressly excluded.
- b. Westgate Mfg guarantees its products against manufacturing defects for ONE FULL YEAR, provided that the product has been used in accordance with installation standards and the National Electrical Code.
- c. Some products have different guarantee policies. Westgate ballasts are guaranteed for THREE YEARS.

5. Product Changess

- a. The specifications and designs of our products may change in accordance with new codes and standards at any time without notice.

All purchases from Westgate are under this and other terms and conditions instructed by Westgate.
