

### HIGHBAY EM MOUNTING KIT

**ELB-HBMK** is an innovative mounting bracket and junction box emergency backup mounting kit. It is reversible and can be used with both types of highbay top mounts, loop or hook. It is compatible with WG **ELB-3048-FLEX**, **ELB-30150-FLEX**, **ELB-2048-IP65**, **ELB-20150-IP65**, and our other EM units sharing that housing.

#### Applications:

- UFO highbay fixtures
- All applications where the EM backup needs to be suspended

## ELB-HBMK
