

FLAT PANEL  
EM BRACKET

**LP-EMMB** is a 2-Foot painted steel mounting bracket for easy mounting of emergency backup units on top of 2X2 and 2X4 flat panel lights. Use it with Westgate Controls **ELB-2048-EXTR** emergency unit or any other brand. If hole patterns don't match your EM unit of choice, use self-tapping screws to position and mount your unit.

**LP-EMMB**

Cold-rolled Steel, Powder Coated White
