

Installation:

1. Using the dedicated tool to assemble the light body and the mounting accessories, adjust the light fixture and LED module to the suitable angle.
2. Install the light to the round pole, square pole or wall, tighten the screws and the nuts when fixed.
3. Make sure the switch was pressed after installed.

Replacement and Maintenance operations:

In case of battery failure or end of life, loosen the screws on the battery cover, disconnect the wire connectors , take out the battery pack and controller, replace a new one and tighten the screws.
