

WESTGATE

MICRO TRACK HEAD Installation Manual

Please follow the sequence of installation step by step.
Switch off the electricity before commencing installation

luminaires maintain over 70% of initial luminous flux (L70B50).

1. The luminaires should be installed or replaced by a licensed electrician and in accordance with local regulation.
2. Please read the instruction before installation.
3. Please turn off the power before installation.
4. Avoid storing and using luminaires in corrosive environments or environments containing harmful substances such as sulfides, halides, phthalates, etc.

Further information can be found in the download section of the Westgate Mfg., Inc. Website
www.westgatemfg.com

Don't touch the luminaires
when turned on.

Please turn off the power before rotating the track light.

When rotate the lamp to the stop position, do not
continue to rotate in the same direction.

It is recommended to install it on the
ceiling, and it is prohibited to install
it on the side walls and floor.
