The BKR Series 14" Round Flat Bulkhead is a wet-location LED wall or ceiling fixture designed for exterior and utility lighting applications. Featuring selectable wattage, selectable CCT, 0-10V dimming, and an integrated photocell, this fixture provides installation flexibility while reducing SKU requirements. Its cast aluminum housing, rubber seal, and frosted PC lens deliver durable performance for outdoor and damp environments, while optional field-replaceable trims allow the fixture appearance to be customized after installation.
