Customer Name: _____

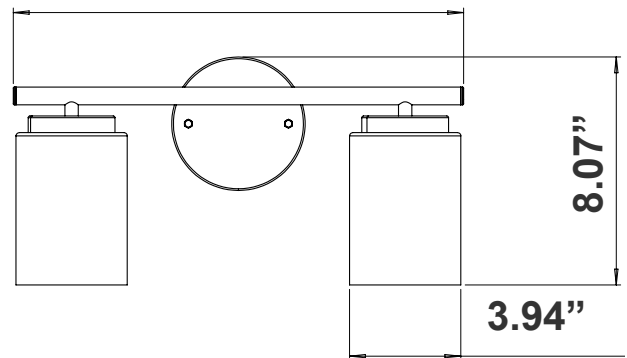

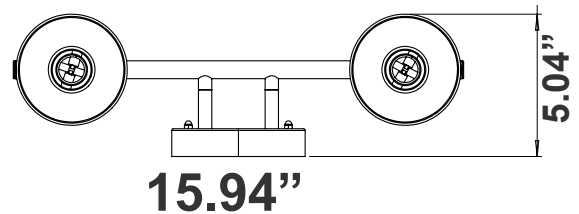

Project Name: _____

Note: _____

Type: _____

Avail Finish:

8.07"(H) x 15.94"(W) x 5.04"(D)

"LCFE Series" is likely a product or design series name used by a lighting manufacturer or wholesaler to group together a set of chandeliers or decorative fixtures that share similar aesthetic or technical features.

"Lamp-Ready" means the chandelier does not include bulbs — you need to install bulbs yourself.

E26 refers to the standard medium-screw base used in the fixture sockets. E26 is the most common bulb base size in North America (fits many household incandescent, LED, and CFL bulbs).

Features

- Corrosion and Heat Resistance Powder Coated Finish, Brushed Nickel and Black Finish
- With E26 Socket
- Lamp-Ready 2-Lamp

Technical Specifications

Electrical:

- Input Voltage: 120V
- Frequency: 60Hz
