

15. Stainless Steel Glass Supports

with rectangular tube

System TOP 3536 VE SB

Angular glass supports for straight self-service counter tops

■ Easy cleaning of the front panel

■ Simple cable inlet/guiding

■ Made of high-quality stainless steel

Design

The supports are made entirely of stainless steel, material 1.4301. The surface is matt finished (glass bead blasted). The support is made secure at the base with screws. Easy cost-effective securing option. However, it is only suitable for pressure-proof worktops. The supports are prepared for a cable inlet with duct openings

The cross-beam has an M5 thread for securing the necessary side panel

		Glass length	Angle	Glass length	Angle				
Support left VE SB	12465	+15 mm	90°	-14,5 mm	90°				
Support right VE SB	12466	+15 mm	90°	-14,5 mm	90°				
Central support VE SB - 180°	12467	-1 mm	90°	-14,5 mm	90°				
Retainer set V, front panel	12471]							
Retainer set, side panel	2407]							

The glass length is based on the centre distance (drilling distance) of the supports. Changing the glass length should be considered for each support on a case-by-case basis.

Note: Drill diameter for mounting screw = 10 mm, the mounting hole is to be moved 6 mm forward compared to the centre of the support.

on page 402.

Suitable lighting covers are
