A Psychology of Food: More Than a Matter of Taste Download

PDF-8def2 Writing this book has been a pleasure, but it has also been frustrating. It was a delight to see that the facts of food preferences, eating, and food behavior conform in many ways to the general principles of psychology. Matching these, however, was often like putting together a jigsaw puz zle-looking at a fact and trying to figure out which psychological theories or principles were relevant. Th...
